

REMARKS

This RCE is being filed to correct a number of grammatical errors in the several allowed claims to insure clarity and to comply optimally with current US rules on claiming. These amendments should not require a new search as the claimed subject matter is not substantially changed as a result of these propose amendments. Please enter the foregoing amendments to the claims into the record.

By separate communication, the inventorship is being amended as well; some previously named inventors are being deleted in light of the narrowing of the claimed subject matter.

In view of the above remarks, reconsideration of this application is requested. Should the Examiner have any questions or wish to discuss any aspect of this case, the Examiner is encouraged to call the undersigned agent at the number below.

Respectfully submitted,
